

POWERING SUSTAINABLE BUSINESS GROWTH WITH SOLAR ENERGY

A Certas Energy Solar PV System

- ✓ Generates your own renewable energy offering immediate payback and cost savings.
- ✓ Future-proofs and protects your business against volatile and escalating energy prices.
- ✓ Achieves energy independence and resilience through reliable, renewable power.
- ✓ Enhances your sustainability profile and improves your energy credentials.
- ✓ Differentiates your business from your competitors on your journey to Net Zero.

The Certas Energy Difference

- ✓ As the UK's leading provider, Certas Energy Renewables, and group companies, can deliver end-to-end, high-quality solar systems to businesses in the UK.
- ✓ Excellent service and quality standards, part of DCC PLC, a FTSE 100 company.
- ✓ End-to-end service through our group company Centreco: from consultation and design to installation and ongoing support.
- ✓ No upfront costs with tailored finance packages for immediate returns.
- ✓ Using only Tier One solar technology encompassing 25-year performance warranties.

Discover how Certas Energy can help transform your business with a tailored solar energy system.
